## PERSONAL DETAILS

**Gender:** Male

**Date of Birth:** 17 February 1984

**Age:** 34

**Nationality:** Thai

## CORE COMPETENCIES & VALUES

- Good programming skills
- Strong capability in gathering requirement
- Good understanding of Software Design and Development
- Fast learner and Self-motivated
- Ability to solve problems efficiently
- Fostering Teamwork
- Ability to work under pressure
- High sense of responsibility

## WORK EXPERIENCE

### Krungsri Bank

**Position:** Programmer

2015 - present

- Installed tools and set up environments for preparing to use in software development.
- Training and knowledge sharing transfer to staff members and contractors about new programming language and the way to use new tools for software development.
- Created an insurance web form using HTML and JavaScript including Google ReCaptcha for validation the web application.
- Designed and created a SOAP web service with Spring Framework, consisted of Hibernate for the database object-relational mapping and JSF Richface on the presentation layer.
- Researched new technology especially programming languages such as NodeJS, Angular, ReactJS, VueJS and build applications for demonstrations in order to take it to use in an organization.
- Started learning Sencha ExtJS by myself and its tools for building web applications and created a web application used in the production.
- Added some new features to a legacy application created with JSF Richface and some new features created with Sencha ExtJS framework
- Started with Spring Boot to build RESTful APIs and bring it to use in the organization.
- Developed an application which integrated Hibernate and JPA with Kotlin and deployed the application on both JBoss EAP and WildFly

- Used the VueJS to build a front-end application, created and secured a Spring Boot REST API with JSON Web Token (JWT) and reference to VueJs Integration and deployed an application on the JBoss WildFly.
- Developed and added new features to a legacy web service with Spring MVC and Hibernate integration.
- A project owner and contact with users to gather requirements in order to improve the business process of users and take it to build process software development.
- Supported and provided direct solutions for applications.

### **G-Able (Thailand) Co., Ltd.**

**Position: Java Programmer**

2013 - 2015

- Write JSP and Servlets to add functionality to web application based on customer requirements
- Develop UIs with JSP, JavaScript, HTML and CSS
- Utilized frameworks such as Hibernate and Spring for persistence and application layers
- Designed front-end of web application using HTML/CSS and Servlets
- Create and execute test cases in JUnit for unit testing of application
- Wrote SQL queries to retrieve data from the database using JDBC
- Utilized object-oriented programming and Java for creating business logic
- Wrote JSP and Servlets created reports as an Excel
- Created web services using SOAP and producing WSDL to the Client side.
- Created the report as an Excel with JSPs and Servlets

### **IT Number One (Thailand) Co., Ltd.**

**Position: Java Programmer**

2011 - 2013

- Developed and designed an application with Java Swing for in the front of an ERP application and used Spring MVC and hibernate for processing together.
- Used ADempiere framework for building a Windows Forms application and a web application
- Contacted with users to gather requirements in order to make an application.
- Deployed and supported the applications which were created.

## **EDUCATION**

**Major Subject:** Information Technology (2006-2010)

**Degree:** Bachelor of Technology (B-tech)

**Faculty:** Faculty of Informatics, Burapha University

**Project:** Mobile Purchase System

**Grade:** 2.5

**Expected Graduation:** August 10, 2010

## **CERTIFICATE**

Hackathon + Certificate

June, 2016 to Present

## IT SKILL SET

**Languages:** Java, Kotlin, NodeJS, C#, VB.NET, C/C++

**Web Technologies:** CSS , Bootstrap, HTML 5, JavaScript, VueJs, Angular, ReactJs, Sencha ExtJs, JQuery, Ajax, JSON, XML

**Architectural patterns:** Client-server, MVC, SOA

**Frameworks:** Spring Boot, Spring MVC, Spring Security, Spring JPA, JSF

**IDE & Tools:** Eclipse, IntelliJ IDEA, Netbeans, Sencha Architecture, Visual Studio Code, Visual Studio Express, Sublime

**ORM Frameworks:** Hibernate 4, JPA 2

**Application Servers:** JBoss 7, JBoss Wildfly, Apache Tomcat, Glassfish, AWS

**Build Tools:** Maven 3, Gradle 4

**Database:** MySQL, MS SQL Server, Oracle, DB2, MongoDB, H2

**SQL Development Tools:** HeidiSQL, MySQL Workbench, DBeaver, Oracle SQL Developer

**Web Services:** SOAP, REST

**Code Management:** SVN, Git

**Project Management:** Trello

**Software Packages:** MS Office, MS Visio, MS Visual Studio

**Designing Tools:** Photoshop

**Operating Systems:** Windows 10, Mac OS, Linux

## LANGUAGE SKILLS

	<b>Listening</b>	<b>Speaking</b>	<b>Reading</b>	<b>Writing</b>
<b>Thai (Native)</b>	Excellent	Excellent	Excellent	Excellent
<b>English</b>	Good	Good	Excellent	Good

## ACTIVITIES & INTEREST

- Participate in "Hackathon" by Krungsri Bank.
- Participate in online English training course
- Training in JSF, Spring MVC, Hibernate
- Training in NodeJs course by Krungsri Bank
- Sharing ideas and knowledge by Krungsri Bank

## REFERENCE
